The artist

Yulia Hanansen's internationally acclaimed Mosaic Sphere Studio, LLC produces Fine Art mosaics in a variety of traditional and experimental techniques. Work can be made for commission or can be purchased from a selection of ready-to-buy pieces. All mosaics are one-of-a-kind, designed by award winning artist Yulia Hanansen. The mission of the studio is to raise public awareness about the fine art mosaics and to demonstrate superb qualities of mosaic techniques. Our educational efforts made it possible for hundreds of people to learn how to make mosaics on their own.

THE SPONSOR

Giuseppe Stanig started his winemaking activities at Albana di Prepotto in 1920.

More than ninety years have passed and the Farm is now managed by his nephews Federico and Francesco with the same love, enthusiasm and respect for the traditions connected to the land and the wine, which is still produced by hand with great passion.

The Farm is situated in the heart of the Eastern Friuli Hills and extends over an area of approximately 9 hectares, on which the classic Friuli varieties and some special autochthonous plants, such as the Schioppettino di Prepotto, are grown.

Thank You
